

ALI ASADULLAH SHEHBAZ

Full Stack AI/ML Engineer

Building production-ready agentic pipelines, RAG architectures, and LLM-powered products. Kaggle Dataset Grandmaster ranked **#26 globally** — achieved in just 11 months.

EXPERIENCE

Machine Learning Intern — Elevo Pathways	Oct 2025 – Nov 2025
- Developed and optimized ML models for real-world commercial use cases, improving pipeline performance and efficiency - Collaborated with cross-functional teams to deploy production AI solutions with maintainable and scalable architecture	
Data Science Intern — Skilled Score	Aug 2025 – Sep 2025
- Built data-driven predictive modeling workflows — EDA, feature engineering, and multi-model evaluation across projects - Analyzed large datasets to surface actionable business insights that informed strategic decisions	

TECHNICAL STACK

Agentic AI	LangChain · LangGraph · n8n · OpenAI API · Groq API · Ollama · MCP
ML / DL	PyTorch · TensorFlow · Transformers · QLoRA / PEFT · Scikit-learn · XGBoost
Vector & RAG	Qdrant Cloud · FAISS · ChromaDB · RAG Pipelines · Agentic RAG
Backend/Frontend	FastAPI · PostgreSQL · SQLAlchemy · Streamlit · HTML / CSS / JS · React JS
MLOps	Docker · MLflow · DVC · CI/CD · Git · GitHub Actions
Languages	Python · JavaScript · SQL

FEATURED PROJECTS

GCU Papers RAG Agent NEW Intelligent semantic search agent for GCU past papers. FastAPI backend, Qdrant Cloud vector store, PostgreSQL, and clean web UI. LangChain · FastAPI · Qdrant Cloud · PostgreSQL · HTML/CSS/JS	Multi-Agent Research System Production multi-agent system with LangGraph orchestration, real-time search, FastAPI backend, and Docker CI/CD deployment. LangGraph · FastAPI · Docker · Streamlit · CI/CD
BioMistral-7B Medical QA QLoRA fine-tuned BioMistral-7B on 10K medical QA. Perplexity 6.19, BERTScore 0.78 — production-ready on a single GPU. QLoRA · PyTorch · PEFT · HuggingFace · BioMistral	Smart Agentic RAG Conversational AI with semantic long-term memory, FAISS vector search, and PostgreSQL-backed knowledge base. LangGraph · FAISS · PostgreSQL · Docker · FastAPI
AI Voice Receptionist Autonomous 24/7 voice agent for dental clinics using ElevenLabs, n8n orchestration, and Groq LLM reasoning. n8n · ElevenLabs · Groq · Google Sheets · Voice AI	Kidney Disease Classifier Medical imaging VGG16 transfer learning model with full MLOps: DVC pipelines, MLflow tracking, Docker, CI/CD. TensorFlow · VGG16 · MLflow · DVC · Docker
